WORK EXPERIENCE

- ♦ Freelance art & animation commissions – 2016 to present
- ♦ Aniboxx – October to December 2023 – Director and Production Lead on Cheresse Story, Character design, Script advisor, Storyboarder, Rough and Key Animator. I enjoyed moving into a team leader role and was able to show my problem solving skills when it came to adapting new members to the team.
- ♦ Studio BND – July to October 2023 – Freelance Rough Animator and Composer. I learned how to successfully communicate my problem solving efficiently in order for the team to reach deadline without any decline in quality.
- ♦ WCAAnimated & AnimatedWings – 2021 to Present – 2D & Puppet Animation Freelance (helping to create a pilot episode in a remote studio setting). This has been an invaluable experience in learning how to work and communicate in a large team. I have been able to watch each part of production grow and develop together, and understand the workings of a large team environment.
- ♦ TiC Camp Counsellor – 2019 June 17 to Aug 17 – Camp counsellor teaching 2D animation at TiC Bethesda, working with Kids 7–15. I had to learn very quickly how to engage my students by using a friendly and approachable style of teaching.
- ♦ BFI Academy – 2019 Feb, 1 week – production assistant (handling food, carrying and looking after film equipment, teaching Adobe Photoshop and Adobe Animate). After doing the residency program myself, I was one of three invited to return as a production assistant.
- ♦ Technology workshop for older LGBT+ people – 8th February 2020 – teaching tech skills, presenting, socialising, event management.
